### Spirit of Northwest Marching Band:

The Washington D.C. Trip is being postponed to the summer of 2010. Due to the economic status of donating companies and the fact we have not raised enough money to make it possible for this summer we will travel next summer. The travel company has been gracious to extend our invitation for the following year.

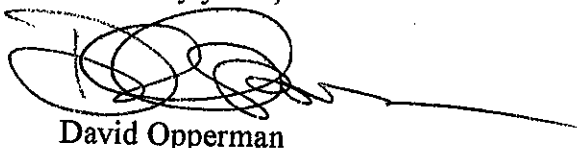

The offer to graduating seniors still holds you may travel with us if you so choose next summer.

I believe this is the right choice for our program right now as we have a much longer time to raise our funds and many more opportunities to do so. Plus the donating companies will be in a better position to donate. Each person would have to raise or put into their account fifty dollars a month from now until February; and then we will have the funds necessary to travel.

All funds collected thus far will stay in their respected accounts and used for the trip next year.

The trip to Washington D.C. will be an honor and exciting trip for the Spirit of Northwest Marching Band.

Musically yours,

David Opperman
